# SUMMER 2025

Welcome to our SUMMER List and here at Tetbury Wines we have been looking at new wines and adding to the depth of choice from across the wine world. 2024 was a climatic year of challenges for our friends in vineyards across Europe. Portugal being one exception to escape the heat and floods, where quality continues to surprise those not yet to taste the revolution of the last decade.

The Club will be relaunched in 2025 so watch this space and of course you can keep up to date on Instagram and Facebook with all the goings on here at Tetbury Wines.

New for 2025 is our appointment of **SWIFT** courier service which offers customers the opportunity to order wines for delivery throughout the UK. Please ask in the shop for details.

Finally, you can catch up with all the news and events happening here at Tetbury Wines through our monthly newsletter 'Grapevine' available to pick up in the shop or via email to Club Members.

## SAY CHEESE!

We now stock a range of over 30 'Grab & Go' artisan cheeses along with all the necessary crackers and condiments. We're proudly supporting local producers such as Simon Weaver with his fantastic Cotswold Brie made near Stow on the Wold and from Bath, Parlour Farm, producers of the famous Bath Soft Cheese along with the Wyfe of Bath and the Merry Wyfe cheeses.

**Stinking Bishop** – we are very proud that in a short space of time we have managed to get the attention of Charles Martell, producer of the famous Stinking Bishop, made in Dymock. We now list Stinking Bishop in 200g handy portions along with Charles's Dymock Brandy – yummy!

# ORGANIC & BIODYNAMIC WINE

**Organic wines:** grown in accordance with the principles of organic farming, which excludes the use of artificial chemical fertilizers, pesticides, fungicides, and herbicides. **Biodynamic:** biodynamic methods during the post-harvest processing. Uses organic farming methods while also employing soil supplements prepared according to and following a planting calendar that depends upon astrological configurations and treating the earth as "a living and receptive organism."

# NATURAL WINE

**Natural wine** [[French](#): *vin naturel, vin nature*; [German](#): *Naturwein*] refers to a generalized movement among winemakers for production of wine using simple or traditional methods. Although there is no uniform definition of natural wine, it is usually produced without the use of pesticides or herbicides and with few or no additives. Typically, natural wine is produced on a small scale using traditional rather than industrial techniques and fermented with native yeast.

# NO ADDED SULPHITE

Sulphite, whilst occurring naturally in wine, is frequently added by the winemaker to help preserve and keep the wine fresh. Some people are sensitive to sulphite and can experience a reaction when they drink wine containing added sulphite. Therefore, in response to requests we receive from customers for us to list wines containing no added sulphite, we are delighted to include among our selection of natural wines, those which have no added sulphite.

# CHAMPAGNE AND SPARKLING WINE

## CHAMPAGNE POL ROGER

Famous as the favourite Champagne of Winston Churchill the house remains family-owned with a reputation for producing Champagnes of finesse which age well. The Brut Réserve is made in equal measure from Chardonnay, Pinot Noir and Pinot Meunier. It is consistently one of the finest available, in no small part due to the high use of aged reserve wines in the final blend.

## CHAMPAGNE GARDET

Maison Gardet was established in the late 19th century when Charles Gardet, an entrepreneurial wine merchant, founded his House in Epernay. In the 1930s, his son Georges Gardet moved to Chigny-les-Roses to continue the tradition and develop the Champagne Gardet brand. The Prioux family, who has been working in the arboriculture and wine sectors for years, are now the proud owner of the House. Deeply attached to its roots in the Champagne region, Maison Gardet combines 21st century technology with the tradition inspired by the founder of the House, to produce champagnes of outstanding quality.

## CHAMPAGNE CASTELNAU

Champagne Castelnau is located in the heart of Reims, representing the very essence of the region. With 809 hectares of vineyards across 150 crus, a unique grape growers' collective guarantees exceptional supply and consistently outstanding Champagne. The House's flagship champagne, Brut NV, (formally named 'Brut Réserve'), showcases the prolonged ageing that defines the signature Castelnau style. This deliberate choice was introduced many years ago, in the pursuit of complex, feather-light champagne that would stand apart from the rest. Aged for a minimum 5 years in the cellars, this champagne is the legacy of decades of skill and passion. It celebrates the rich diversity of terroirs, from which Chardonnay, the majority grape in the blend, is sourced, to impart its full freshness, depth and length.
